

CONTINENCE CLINICS

CHILDREN'S
Continence
CLINIC

Rocky Bay

HEALTH + COMMUNITY

your partner in possibility

Feel at ease with toileting skills, and develop strategies to support your child's continence goals.

Our team has extensive experience in supporting individuals and families to develop healthy bowel and bladder habits.

Areas of support which includes:

- Incontinence (urine and bowel)
- Bed wetting
- Constipation
- Bladder and bowel health

Our Continence Clinics gives you an opportunity to speak to our skilled Continence Nurse Consultant to discuss your concerns regarding your child's continence.

These Children's Continence Clinics are for children aged 4 - 18.

We will talk about your child's current continence aids and we aim to overcome any sensory related issues and decrease the reliance of continence products, giving your child and your family more freedom. We will also work to find solutions and options best suited to your needs.

For more information, or to book, please call **6282 1900** or email **enquiries@rockybay.org.au**
